Finally a company to stand up to the plate! I salute you! This is killing our familys. my brother lives in texas and is so screwed up on this crap. I am so happy someone is finally heading in the right direction! Thank you for hopefully starting a chain reaction, well, thats what i am hoping for. I have already went to texas but i couldnt help. Hes to far gone, But there are so many people young and old hooked on this stuff. but thank you and i will do and say whatever i can to promote your product. Thank you and god bless you!
